

ACRL 2010 Academic Library Trends and Statistics: Doctoral-granting volume

The complete data set from ACRLs comprehensive statistics-gathering project encompassing all academic libraries. This volume gathers data from doctoral granting institutions. Data from 1,100 academic libraries in all Carnegie classifications is included. The core set of data consists of five major categories: --Collections: which includes monographic volumes, serials and microforms, etc.;--Expenditures: which includes library materials, electronic serials, computer hardware and software, salaries and wages, etc.;--Electronic Expenditures: which includes computer files; electronic serials; internal and external bibliographic utilities, networks, and consortia; computer hardware and software; and document delivery/ILL;--Personnel and Public Services: which includes size of staff, reference transactions, circulations, ILL, etc.;--Ph.D.s granted, Faculty and Enrollment Statistics: which includes Ph.D.s granted, number of faculty, undergraduate and graduate enrollment, etc.
