

## 30 Seconds to Belief

A word, an action, an experience, a person can quickly impale our hearts or allow us to soar to heights of untold blessing. Thirty seconds changes us for better or worse. Thirty seconds determines whether we overcome or succumb. Thirty seconds regenerates or degenerates our existence in this world. A quick moment can propel us to great belief or leave us drowning in disbelief. What will we do in that brief span? Will we choose belief when utter despair is pounding at our door? Will we walk in faith when all that we see is a quagmire of hurt and disappointment? What does the next thirty seconds hold? The key to overcoming in these difficult moments is thinking differently thinking God. This book of short devotional readings is intended to encourage the reader to think God and create a foundation of belief when faced with life-changing points of decision. May you stop, listen, and converse with the Creator of Comfort, Encouragement, and Hope as you journey through the pages of 30 Seconds to Belief.
