

# Handbook of Writing and Text Production (Handbooks of Applied Linguistics [Hal])

This handbook explains state-of-the-art research on writing and text production, focusing on theory and methodology, authors, modes/media, genres, and domains. Exemplary research projects illustrate the theoretical perspectives from globally relevant research spaces and traditions. Both established and future scholars can benefit from the handbooks fresh approach to real-life writing in a globally connected, multi-semiotic, and mediatized world.
