

Decisive Battles of the Law: Narrative Studies of Eight Legal Contests Affecting the History of the United States Between the Years 1800 and 1886 (Classic Reprint)

Excerpt from Decisive Battles of the Law: Narrative Studies of Eight Legal Contests Affecting the History of the United States Between the Years 1800 and 1886 It is a recognized fact that great legal contests have not frequently foreshadowed national crises in the United States, and sometimes even determined them. Certainly the records of the courts afford most illuminating foot-notes to history, often revealing the political and human forces at work upon events in more dramatic and vivid guise than any other medium. Something of their significance is lost, however, in the dull, official form of a law report. No such account of a trial can convey any suggestion of the surroundings or attendant circumstances that give life, character, color, and meaning to the proceedings. To be appreciated at its full historic value, the scene must be vitalized and peopled with the human beings that dominated it. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
