

Faded Dreams

Enter the world of Tyler James a professional rodeo cowboys as he tells the story of his life through his journal and diary. The smell of dust, leather and manure fill your senses with every heart pounding ride and fall. You will learn of his success and failures as a man, a friend, a father and husband. You will soon learn that pain is much more than physical and sometimes chasing dreams can cost us dearly. God often let us fail in order to teach us the true meaning of life. Tyler, along with his traveling buddies travel the country following the rodeo circuit getting into many mishaps and troubles along the way, but never losing sight of trying to become world champions at any cost. Little did any of them really know how much it would cost. Lonely wives and children are left at home as bills pile high, and death is nothing more than a heartbeat away with every nod of the head. Come along for the ride and you will find that sometimes dreams often fade yielding to the trials and tribulations of life, which take president over them.
