

## The German Colonial Empire: Its Beginning and Ending (Classic Reprint)

Excerpt from The German Colonial Empire: Its Beginning and Ending  
The terrible war now being enacted in Europe, and especially on the Western front, has necessarily to some extent monopolized the attention of the English public and subordinated the interest in the more distant theatres of war. But it is not unlikely that the breaking-up of the German Colonial Empire will prove to be the vital achievement for the British race and the one fraught with the most far-reaching consequences to the future of the world. When the prospect of peace allows this to be realized it is hoped that this little book may be found useful. Meanwhile it may have some interest to the many who have associations with special portions of our own colonial Empire. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
