

Subtle Lies: How A Bad Understanding of Pride, Humility, and Love Can Undermine Your Life in Christ

Too many Christians today feel as if something is missing in their lives. They read the stories in the Bible or examples of Christians in history doing radical things for Jesus, and they wonder why it does not happen to them. Too often Christians, and even whole churches, feel powerless against the evil in the world around them. Too often Christians sideline themselves in the debates surrounding them because they do not want to appear prideful. For too long Christians have believed that they are supposed to meekly accept whatever evil or abuse comes at them. And then we wonder why it seems the Church is losing ground in our society. Steven Bruns helps cut through the Subtle Lies that plague the Christian life and in so doing points the way forward to a life of power in Jesus Christ.
