

The Impact of Rome on Settlement in the Northwestern and Danube Provinces (BAR International)

A series of seven lectures, presented at the Winckelmann-Institut der Humboldt-Universität in Berlin in 1998 and 1999, which explore the nature and extent of the Romanisation of Britain, France and Germany. Subjects include monumental and urban architecture, funerary stelae from Moesia Inferior, chariot statues in Dacia and a summary report of the 1998 and 1999 seasons of the Apulum Project. Four English, two German and one French paper.
