

## Angels Lips, Devils Kiss

Rachel Clarke was only twenty-two when she met the one man who could effortlessly bring her to her knees, Dominic Gates. The mysterious and deliciously handsome man became a feature in her life for the next five years, but always just out of her reach. Rachel would never forget the first impressions he made on her, his voice, the way looked at her, the way hed come so close to touching her, and these memories had stuck and she knew shed always want him. He was way out of her leaguean older man with the most beautiful women at his feet. When, years later, she is given the opportunity to work for him, Rachel wonders if she would only ever have the chance to live out some of her most unfulfilled fantasies. ??Would Rachel finally get from Dominic the things shed always craved? And would her passion find fertile ground with the man most capable of bringing it all to vivid life?
