

1 Way

Synopsis: This book began as a re-write of the Alcoholics Anonymous Big Book: that book is old and the language needed to be renewed. It then became the story of how one person had taken the steps, One Way. With more research it became evident that there is only One Way that life can be lived. Further research proved that the One Way is all that is, and in fact contains everything including what we have called God. This book presents the idea that the One Way contains and is contained by God, and is more than God. This book was begun 16 years ago and has grown over that period of time. About the Author: The author was born in the Transylvanian alps, in Romania, to a Hungarian Family. He was relocated to Hungary at age 6 and lived there until the revolution of 1956, when his mother escaped with him to Austria, and eventually to the United States. At the age of 18, he began the use of drugs and at age 48, he fell into Narcotics Anonymous which helped to teach him the information presented in One Way. He is now 16 years clean of all drugs and wants to give this information to all those who care.
