WARNING: This eBook contains mature language and content intended for 18+ readers only! Samantha Burke lands a job as billionaire Max Sutherlands assistant. It was something that she had been planning for over some time, since she planned not only to share his wealth with him, but her wildest fantasies. Max Sutherland is one of the citys most eligible bachelors and the man that every woman would like to have for herself, but Samantha soon realizes that she does not want him to herself alone. She wants to share him with his best friend and associate, Chris Smalling. She is invited over to his mansion and everything turns all heated up when she demands that Max get with Chris if he wants to have her at all.

Max is hell bent on boning the sexy woman and he has to follow her orders to the letter, even though he is not used to taking orders. It turns out to be the most exciting moment for all three of them as they explore each other to the top.
