

Between St. Dennis and St. George: A Sketch of Three Civilisations (Classic Reprint)

Excerpt from Between St. Dennis and St. George: A Sketch of Three Civilisations
I am afraid that this book will present the aspect of a number of essays thrown together. That is not the case; it is owing simply to my want of experience in the handling of controversial matter. What happened was that I set out to confront various pacifist writers or other writers who were opposed to the Government of this country entering upon a war side by side with France - to confront them with various facts and with various figures. But I dislike denouncing my fellow-beings, even though they be pacifists, and it seemed to me to be only fair to present these gentlemen with my own constructive view of the state of Europe before the outbreak of the present war. Thus it has come about that the constructive portion of the work has overshadowed the controversial, so that the form of the book resembles somewhat a small cottage tacked on to a large greenhouse. I am sorry. About the Publisher
Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com
This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
