

## Narrative Asides in Luke-Acts (The Library of New Testament Studies)

An examination of the literary device of narrative asides, including parenthetical remarks addressed directly to the reader which interrupt the logical progression of the story and establish a relationship between the narrator and the narratee. Narrative asides in Luke-Acts are located, categorized according to their function, and examined within their literary context. With this discussion in mind, the book offers a narrative-critical exploration of the relationship of asides to the plot, narrator, and audience of Luke-Acts.
