McKay McLemore is the best there is at her jobfinding people who dont want to be found. But when the super-sexy, Harley Davidson rider, Harm Pranston, pays top dollar for her to locate a woman and her teenaged son she becomes suspicious. What are his motives? Is he stalking the woman who is running scared? Yet despite her trepidation, and against her will, McKay aches to feel Harms tough-as-nails body against hers. Harm has his reservations about hiring the sharp-tongued McLemore to locate a woman he hasnt seen in 16 years. First off, the red-headed investigator treats him like a suspected criminal, and secondly he has to fight his urge to lose himself in her. Just recovering from a gut-wrenching break up, the last thing Harm needs is a dragon-tattooed Amazon who makes him want to drag her off to a cave somewhere But when McKays investigation turns deadly, their trust in each other is put to the testand failing could cost them their lives.
