

## The Alcoholic Syndrome (Battling the Hosts of Hell)

This book is compiled from information which came about as a result of a significant break through in deliverance. As with much of the material in the Hosts of Hell series this was first triggered by things uncovered by our workers here in the Hegewisch Baptist Church. We quickly learned that the same pattern of circumstances, curses and weaknesses was identical in the drug addict. As a matter of fact everything that works to set the alcoholic free will also loose the bonds on drug addiction or any other heavy addiction. Thank God for deliverance which is able to set the captives free. We pray that the book will help many to be loosed from the chains of addiction. If you or someone you love is freed it will be worth all of the work and fierce battles with the enemy which attended its preparation and printing.
