

Rapture Revelations Complete Edition: Jesus Is Coming

This is the Complete Edition of both Volume I & II. Much has been written and taught about the coming of Christ for His Church. Unfortunately, most of our modern day teachings on this most important doctrine are misleading to say the very least. A careful scrutiny of the Scriptures will reveal the truth about the second coming of Christ, which we generally refer to as the rapture. In this book I have set out to correct the most obvious errors of the pre-tribulation doctrine and to establish the basic foundation for understanding the truth of the matter. Great care is taken to follow the guidelines of Scripture and the Biblical basis of doctrinal interpretation, precept upon precept and line upon line. This is the only method of interpretation used in the pages of this book. Since God Himself revealed His method of understanding doctrine, it is believed by the author to be the best method to use. Therefore, with Bible in hand, follow along with the Scriptures quoted in this book and see if you dont find truth within its pages. If you are a lover of truth, I believe you will enjoy this very basic presentation of Biblical facts concerning the doctrine of the gathering together of Christs saints unto Himself.
