

## COUNSEL - DISCREETNESS to HURTFUL - Book 2 - Key Themes And Bible Teachings By Natural Divisions

**KEY THEMES & BIBLE TEACHINGS** By Natural Divisions is a compilation of 5,888 of the most cross-referenced verses within the Bible record, verses that have 10 or more cross-references each. With it you can find any subject in the Bible record quickly and easily. Thus it collects together the most often repeated thoughts in the Bible and organizes them into a subject index so that the reader can readily find what the Bible states about any subject within a few seconds. Also each verse has all of its cross-references so that the reader can then drill down on at least 10 and sometimes as many as 80 other verses that state very similar thoughts. All scripture verses and references are fully documented and looked up for the reader. They have also been color coded to highlight keywords appearing in the base scripture within all of its cross-references. The document is indexed so that the reader can look up any theme scripture directly. The number of cross-references is also counted to show the relative importance of a particular verse within the Bible record. **KEY THEMES & BIBLE TEACHINGS** By Natural Divisions has been divided into 31 segments of approximately 333 pages in each segment, for the entire document is 11,065 page in total. Each segment costs \$2.99. The Master Index shows the reader which segment contains the subjects he/she is looking for. Search the site for **KEY THEMES & BIBLE TEACHINGS** By Natural Divisions **MASTER INDEX** for the index of all the subject entries in each volume which index costs \$0.99. Some of the Natural Divisions are Bible Counsel, Jesus teachings, Moses, Paul, Revelation visions, Yehowahs Qualities and Roles. For most subjects there is more than one entry, and thus the reader can generally find hundreds of scriptures relating to the subject he/she is looking for quickly and easily. All scriptures are quoted from a modern

language English literal word for word translation, and all references are given so that the reader may check the content against any Bible if so desired. The format for each topic listed, is first to show a paraphrase of the verse, to help in understanding it, then the literal translation of the verse, a count of the number of cross-references, and then all of the cross-references in Bible canon order. This in turn is done for all 5,888 verse references within the entire document. Other fine books by this author in 6 series are; A Commented Study Bible With Cross References (78 Volumes) An Exhaustively Cross Referenced Bible (66 Books) Digital Concordance (101 Volumes) Know Your Bible (9,056 Articles in 92 Volumes) All The Bible Teaches About (500 Key Bible Articles) Key Themes And Bible Teachings (A Bible Subject Index in 66 Volumes) They will all become a treasured part of your divine library throughout your life.
