

## Courting Danger

Christopher Fairfax, the new Earl of Durham has no desire to marry, however his friend Jonathon Montgomery has other plans for him. Even knowing that his friend wants to marry him off, Chris joins him on his journey believing that he will be able to resist the charms of any young miss put in his path. Ellen, intrigued by the handsome friend that has returned from Egypt with her brother, instantly falls in love with Christopher Fairfax as their eyes meet across a crowded room. However, she soon learns that his good looks mask an overly protective and demanding man that sets them immediately at odds with one another.
