

Cumberland County: A Brief History

Settled primarily by Scot Highlanders in the years just before the American Revolution, Cumberland County has played a key role in the political, commercial, and military life of North Carolina. From the brutal internal war between Whigs and Tories in the American Revolution, to the punishing invasion of Maj. Gen. William T. Shermans blue-clad troops in the Civil War, to the establishment of Fort Bragg during the First World War, a military presence in the county has shaped Cumberlands history in ways unlike almost any other place in North Carolina. This narrative is divided chronologically into eleven main sections and covers the broad sweep of the countys history from its formation in 1754 through the end of the 1980s.
