

Dadland: A Journey into Uncharted Territory

Keggie Carew grew up in the gravitational field of an unorthodox father who lived on his wits and dazzling charm. As his memory begins to fail, she embarks on a quest to unravel his story and soon finds herself in a far more consuming place than she had bargained for. Tom Carew was a maverick, a left-handed stutterer, a law unto himself. As a member of an elite SOE unit, he was parachuted behind enemy lines to raise guerrilla resistance in France, then Burma, in the Second World War. But his wartime exploits are only the start of it... Dadland is a manhunt. Keggie takes us on a spellbinding journey in peace and war, into surprising and shady corners of history, her rickety English childhood, the poignant breakdown of her family, the corridors of dementia and beyond. As Keggie pieces Tom - and herself - back together again, she celebrates the Technicolor life of an impossible, irresistible, unstoppable man.
