

## Grave Reviews;: Meghan (Volume 2)

Being a Financial Analyst had its perks. Meghan had more money in the bank than she could think about. Life was simple and sweet, and she kept it that way by maintaining entanglements of love few and far. But when she received the silver box in the mail, which contained a pair of human ears; her first thought was why someone would do this to her! When Det. Righ presented himself, then showed her pictures of her friends Hannah and Jordan, she had no clue what the hell was going on! But she did know the attraction to the hot blond Detective was instantaneous, and he seemed just as affected by it as she did.
