

Everything But Perfect

Mitch is everything but perfect. Cheyanne is perfect...but not his. Cheyanne Ribbons doesn't want perfect. She wants her career in archeology, her freedom from the Ribbons stronghold, and the company shares to stay in the family; not taken over by a man who makes her teeth ache. She has her life in order. She is thousands of miles away from home, where her father can't find her. So how did a summons come to her in the form of blackmail? She has two options: return home, or find the dig site losing its funding, and her friends' careers in jeopardy. She never thought she'd be forced into marrying a man she doesn't know just to save the family fortune, however. Four months of marriage for majority shares. How hard can that be? Of course, she will lower her dignity to marry the man, but she won't let Mitch Lavede get into her soul, and once the four months are over, she is going back to Egypt, no questions asked. Mitch Lavede is a player of the worst kind...rich. He gets what he wants, whenever he wants it. What he wants is the Ribbons Corporation swallowed up by Lavede Enterprises. To gain millions, he must marry the youngest Ribbons heir. She is fiery; he'll give her that much credit. And, she has more spunk in her little finger than most women have in their whole body. She will be a ton of fun to tame...if only he was willing to tame her. Four months married to an heiress? Can he possibly survive the test?
