

Ethics and the A Priori: Selected Essays on Moral Psychology and Meta-Ethics (Cambridge Studies in Philosophy)

This volume includes a series of essays about the nature of belief and desire, the status of normative judgment, and the relevance of the views we take on both these topics to the accounts we give of our nature as free and responsible agents. The long awaited collection comprises some of the most influential of Michael Smith's essays written over a period of fifteen years and will be of interest to students in philosophy and psychology.
