

## Fair Warning

Trapped in an evil mans house, a young wife searches for an escape. Though she cant admit it to anyone, the day of her husbands car accident is one of the best days in Marcia Goddens short life. After three years of marriage to Ivan, she has seen his darkest side, and now his very footsteps are enough to make her shudder. A guilty thrill goes through her when she hears of his accident, only to be replaced by terror when she learns that her husband is going to live. For four glorious, peaceful weeks, Ivan remains in the hospital. In the relief of this temporary freedom, Marcia confides in her neighbor, cheerful, handsome Robert Copley, and soon falls in love with him. Not long after her husbands return from the hospital, Marcia finds Ivan stabbed in the chest, and police suspicion falls on her. To save herself from prison, she must prove herself innocent of the murder of the one man she most wanted dead.
