

Family Practice

Welcome home Dr. Callie Layman isn't looking forward to going home to White Pine Lake, Michigan. She isn't looking forward to taking over as the physician in charge of the community clinic after only recently becoming a doctor. She isn't looking forward to facing her new stepmother, stepsiblings or the changes in her relationship with her father. And she certainly isn't looking forward to going head-to-head with Zach Gibson, the handsome former combat medic who's been running the clinic and will now be her assistant. And yet the community needs her expertise. Her family needs her to help them heal. And, she learns, so does Zach. Callie decides she has to try to help them, but ultimately can she be everything they need her to be?
