

As Government and Politics. Teacher Resource Pack

This photocopiable pack is for students and teachers of AS UK Government and Politics. The 3rd edition has been completely revised and updated post 2010 general election. The 12 topic areas are addressed through a number of timed lessons. The teacher notes for each lesson establish the aims and describe the process of the lesson. They also identify the materials for students, which take the form of photocopiable information sheets and, where appropriate, extracts from articles in Politics Review. The lessons conclude with extension work together with answer notes and suggested reading.
