

Dangerous to Love

For her first seven years of life Emma Spencer thought Carl and Bessie were her parents, but they weren't. So who were they? Why has being their daughter for a few short years put Emma's life in danger? When Emma inherits the farm from Carl she is reunited with Buck Hill -- the boy next door -- or in this case next farm. Will Emma's secrets and Buck's increasing involvement make a life together impossible? Will their love be strong enough to conquer the dangers they face, one after the other? Their search for answers goes from a convent in Texas to the bayous of the south and finally leads to the pinnacles of political power and organized crime in Washington, D.C.
