

## Marrying Mister Perfect (Reality Romance) (Volume 1)

Sometimes it takes a reality television show to show you the love that's right in front of you... To Louisa Tanner, Jack Doyle is perfect: heart surgeon, loving single father, and best friend a girl could have. So it's no surprise when he's tapped as the next Mister Perfect for the reality dating series Marrying Mister Perfect. But watching her secret crush romancing gorgeous women on national television? That's flat out suckseven if he will never see her as more than a pal. Jack is skeptical of reality shows as a path to love, but drastic measures are needed to shake him and Lou out of their rut. His friend deserves better than being his live-in nanny and will never chase her dreams if she is busy taking care of him and his kids, so he vows to take the show seriously and find a new wife. But the more stunning women he woos on command, the more he begins to realize the only woman he wants just might be the one he left back home. How can he seduce his best friend without jeopardizing their friendship? Especially when the cameras are always rolling...
