

New Italy (Classic Reprint)

Excerpt from New Italy While this volume does not belong to that class of more or less romantic, more or less inaccurate publication compiled by travelers who have paid a flying visit to Italy, neither does it claim to be a profound and exhaustive treatise on Italy as she is to-day and as she promises to become in the near future. The authors aim at striking a happy medium between the shallowness which touches upon everything with a facility as comprehensive as it is ignorant, and the social science which constructs elaborate systems and theories based upon the evidence of statistics and historical documents - a type of work which naturally appeals only to the student. New Italy is intended for the intelligent general public, and endeavors to give its readers an account of Italy as she was at the outbreak of the war, as she is to-day, as she is likely to be after the conclusion of peace - in short, a synthetic view, as complete, exact, and dispassionate as possible; hoping thus to supplement the old books on the subject. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
