

Minerva Seu De Causis Linguae Latinae (Grammatica Universalis) (German Edition)

Die Minerva von Sanchez de las Brozas (vor 1552-1632) verdient einen Ehrenplatz in der sprachwissenschaftlichen Literatur: Sie gehört zu den ersten erkenntnistheoretisch-kritischen Grammatiken. Über mehr als zwei Jahrhunderte hinweg galt sie als eine der besten Lateingrammatiken. Es ist die Frucht einer langjährigen erfolgreichen Unterrichtstätigkeit des Verfassers in Rhetorik, Latein und Griechisch an der Universität von Salamanca.
