

## Government and Politics of Switzerland (Classic Reprint)

Swiss federal republ. ely timely in this year of the greaU st crisis of tht great war. Placed in the geographical center of an unprecedented conflict, Switzerland has to date maintained an irreproachable neutrality. During four years which have made waste paper of the legal and diplomatic formalities of a century, Switzerland still holds to the validity of every treaty and convention to which she is an adherent. Almost alone of the civilized countries she continues to practice those principles of consideration and humanity whose advocacy has lifud her historic town of Geneva into a position of light and leading for the whole world. Nor can any one claim that the smallness of Switzerland snumbers or resources has mad her a victim of aggression or intimidation. Whether her integrity be due to the prudence and cons idf rat ion of her battling neighbors, or to the spirit and martial discipline of herjown people, the fact stands. II rr fx ample may help to the solution of some of the most difficult of the issues of the war.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
