Top 100 Romance Novels of All Time by Goodreads .Where theres smoke, theres fire... Since 9/11, Brooklyn firefighter Griff Muir has wrestled with impossible feelings for his best friend and partner at Ladder 181, Dante Anastagio. Unfortunately, Dante is strictly a ladies man, and the FDNY isnt exactly gay-friendly. For ten years, Griff has hidden his heart in a half-life of public heroics and private anguish. Griffs caution and Dantes cockiness make them an unbeatable team. To protect his buddy, theres nothing Griff wouldnt do until a nearly bankrupt Dante proposes the worst possible solution: HotHead.com, a gay porn website where uniformed hunks get down and dirty. And Dante wants them to appear theretogether. Griff may have to guard his heart and live out his darkest fantasies on camera. Can he rescue the man he loves without wrecking their careers, their families, or their friendship?
