

Mourning Meadow

The architect in Steven couldnt turn down the invitation to see Morning Meadow Mansion even knowing hed have to dodge Caroleighs advances. He wasnt prepared for Caroleighs little sister. The others thought she was strange and simple minded. He found her fascinating, even before he saw the real her, teasing him with stories of ghosts, curses, and hidden treasure, or was she testing to see if he could believe? Impressing him with her intelligence, he wanted to change the one thing; Kari told him she wouldnt get between Caroleigh and her current interest, him. While avoiding Caroleigh and seeking out Kari, too many lies and too many coincidences raised Stevens suspicions before the first murder attempt. Was Kari the target and Caroleigh the perpetrator? Or the reverse? Or did something malevolent hide in the house to take revenge against the heirs of Mourning Meadow?
