

A True Deception

What do you do when the man you know and love tries to kill you? Kayla was always attracted to the bad boys. When Kayla met Michael she never imagined the kind of man he really was. Will she survive his lifestyle or will death be her ending? Michael was a businessman; at least that's what he wanted the world to think. Truth was he was nothing but a common criminal. He was very resourceful and every time he was close to getting caught he got lucky, but everybody's luck runs out sometime, right? Jason McCain was a law man, but from time to time he bent the law. He never imagined that it would affect him, but when he saw Kayla everything changed. He vowed to protect her, even if it meant his own life. When betrayal, friendship, and love come together you have A True Deception.
