

## Children of Light and Dark: Julians Story

The struggle between light and dark is as old as time. The light reigns supreme, while the darkness struggles for power. Julian was once a Child of Light but was ripped from the light. The queen of darkness can only survive on the blood of the Children of Light. In order to free his damned soul, Julian has made a solemn vow to sacrifice the next Child of Light. Savara is a young professional, emotionally scarred from past relationships. Suddenly one night in the moonlight a peculiar man approaches her. There was depth in his eyes, the likes of which she had never seen. Would he be able to save her from heartache? Savara was a voluptuous beauty unlike any woman Julian had never seen. How could she be his sacrifice? He could not fulfill his mission; he would have to save her, not only from the darkness, but also from herself.
