

Lights, Action, Lily! (Lily Series, The)

Lily is at it again, but this time, she's destined to be the next big star. She's certain her name will be up in lights and she'll be front-and-center stage. Cast in a school play as Kate in Shakespeare's *Taming of the Shrew*, Lily springs into action and throws herself into the role. But there is one major problem---Ashley's boyfriend, Shad. He is cast in the major role of Petruchio opposite Lily and plays her suitor. However, Ashley gets jealous and determines to stop at nothing to bungle the show. Filled with antics, hi-jinks, tangles, and knots, Lily has to learn that relationships are more important than a perfect performance.
