

## Oxygen (Blackwood Elements) (Volume 1)

Sometimes love can be found when you least expect it... Akari Takeda walked on the dark side for fifteen years until death gave her the chance at a new life. Determined not to waste the time she has left, she moves to Boston with her young son to follow her dream of becoming a pianist. But three men get in her way: Jansen, the skilled but uptight violinist, easygoing Jude, who understands how important coffee is to a girl, and Lincoln, the smooth-talking janitor who looks good in leather. Which of them will steal her heart, and who isn't everything they seem? Oxygen is a full-length novel with no cliffhanger following one of the side characters from the Blackwood Security series.
