

Little Black Dress (Romance on the Go)

Never underestimate the power of the little black dress...Paris the romance and fashion capital of the world. So what the hell makes Jamie Scotts, an IT geek from New York, think the city of lights holds the answers? Driven by need for change, she lies to her boss about her fluency in French and becomes the companys first international sales person. Fluent? She can barely ask for directions to the ladies room. Jamies a duck out of water with her low maintenance style and New York accent. Her unsuccessful sales pitch almost sends her home, until she meets the epitome of elegance Giselle Bianchi. An unlikely relationship blossoms as the dress designer takes Jamie under her wing. Giselles guidance not only reveals Jamies missing je ne sais quoi, but also unlocks repressed passion with the help of a little black dress.
