

## A Shattered Heart (Live & Love) (Volume 1)

Natalie is ready for a fresh start and a new life, far away from her tragic past. Two years of running finds her finally settling down in a small town where she meets the Bradley brothers. One in particular the quiet, infuriating one has her feeling something other than the remnants of her tragedy. Josh is happy with life in his hometown, working for his parents shop with his two brothers, when a beautiful woman comes in and throws his life into a tailspin. When the passion finally comes to a head with a passionate kiss, he can't get her out of his head. Then a secret about her is revealed, one he never would have expected. When threats from an unknown source target Natalie, can they withstand the heat and have the happily-ever-after they so desperately need, or will Natalie's past haunt her forever?
