

## Love & Freedom

New start, new love. That's what Honor Sontag needs after her life falls apart, leaving her reputation in tatters- so she flees her native America and heads for Brighton, England. Honors hoping for a much-deserved break and the chance to find the mother who abandoned her as a baby. What she gets is an entanglement with a mysterious man. Martyn Mayfair has sworn off women with strings attached, but is irresistibly drawn to Honor, the American who keeps popping up in his life. All he wants is an uncomplicated relationship built on honesty, but Honors past threatens to undermine everything.
