

His Convenient Marriage (Wedlocked!)

Miles Hunter had lived life on the edge. When he proposed marriage to Chessie, she knew it couldn't be because he loved her. They were practically strangers! He simply needed a social hostess and someone to look after his beautiful home. Chessie knew she owed Miles a great deal. When her family had been torn apart by financial scandal, he'd taken her in and given her a job and security. But was he now expecting her to repay him in his bed?
