

## Your Loved One Is Ill... So Now What?: Devotionals for those that care for the chronically ill

So your friend or loved one is chronically ill. You may feel like you're both reeling from the enormity of this new life and all that it entails. We've been there. Chronic Illness is a whole new animal. I want to share what God has taught me since learning I have a chronic illness. In this book, I have compiled 12 of my devotionals that best deal how a loved one can come to terms with a new normal and how to adapt to a new relationship, complete with discussion questions following each one. This is the companion to my 30-day devotional book for the chronically ill, *You're Chronically Ill... So Now What?* My prayer is that you will come to know that you are not alone and that together with God, can do this.
