

The Baby Gift (9 Months Later)

A good mother will do anything to save her child. Briana Morris is definitely a good mother. Josh Morris travels the world in search of its stories. Briana Morris's whole world is a single small farm. They met and married and divorced in little more than the wink of an eye. But together they managed to create one perfect thing: their daughter, Nealie. Now Nealie has been diagnosed with a rare and dangerous form of anemia. Her best hope for survival is a transfusion from a sibling. But Nealie has no siblings. To save her daughter's life, Briana must do the unthinkable: contact Josh and convince him to father another child.
