

Reading Response Road Maps: Comprehension-Boosting Reproducibles for 50 Favorite Picture Books That Guide Children to Stop and Think as They Read

Use these innovative learning tools to put kids on the road to reading success. As children read favorite books, they follow the paths on the road maps, stopping along the way to think about and respond to prompts that help them activate prior knowledge, make predictions, explore story structure, analyze characters, recall events, identify cause-effect relationships, and more. A great way to make independent or partner reading meaningful and rewarding! For use with Grades K-2.
