

Renaissance of the Heart

After her husband of fifteen years comes out of the closet, a blindsided, forty-year-old Amanda Lewis is forced to salvage what remains of her shattered heart and navigate a new life for herself and her teenage daughter. But will a sizzling secret romance with a famous young NFL quarterback lead her to winning the life she deserves or set her up for her biggest loss yet? As she embarks on the journey of rebuilding her home, Amanda discovers that finding forgiveness and repairing her damaged self-worth are her biggest challenges of all. While searching her soul-and even searching inside her city's history-she finds answers. But will answers come too late and can a broken heart ever be truly fixed?
