

## Industrial Reconstruction: A Symposium on the Situation After the War (Classic Reprint)

Excerpt from Industrial Reconstruction: A Symposium on the Situation After the War This book contains the results of an inquiry recently undertaken to ascertain the opinions held by a large number of distinguished public persons on one of the greatest, if not the greatest, of the problems this country must face after the War. I refer to the problem of the industrial situation. The questions were as follows; (1) What in your opinion will be the industrial situation after the War as regards (a) Labour; (b) Capital; (c) the Nation as a single commercial entity? (2) What in your view is the best policy to be pursued by (a) Labour; (b) Capital; (c) the State? About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
