

Richard III, Vol. 1 of 2: As Duke of Gloucester and King of England (Classic Reprint)

Excerpt from Richard III, Vol. 1 of 2: As Duke of Gloucester and King of England It has long been acknowledged, that the reign of King Richard the Third comprehends the darkest, the most complex, and the worst authenticated portion of the English annals. The general historian, whose course through the middle ages is guided by a long series of trustworthy chroniclers, finds himself when near the close of that important period forsaken by the great body of his authorities, and those who remain are swayed by the violent prejudices and strong antipathies which are natural amongst a people who have long been a prey to civil discord. Shrinking from such corrupt and uncertain authority, history becomes silent; she resigns the doubtful and the mysterious to the poet, whose imagination weaves out of such materials the dark and terrible tragedies by which he seeks to awe and to instruct. Thus it has been with the period of Richard the Third. The historian relates comparatively little, the poet is full to overflowing. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
