

Scene Painting Projects for Theatre

The art, practice, and technique of scene painting is an essential part of theatre design. A scenic artist is responsible for translating the vision of the scenic designer to the realized scenery. Unlike all other scene painting books, this text will take you step-by-step through actual individual scene painting projects. Each project is commonly used in theatrical productions and each project builds upon the skills learned in the previous lesson. From wood and marble, to foliage and drapery, this book will teach you how to become a skilled scenic painter.
