

Tillys Trials

In Margaret Blake's new contemporary romance Tillys meeting up with her ex-husband is traumatic. Now her father has invited him in to their business, Tilly Teas. It means she is seeing far too much of him. He cheated on her and betrayed her in the worst possible way but perhaps, she has to admit, it was not entirely his fault. Tilly starts to see things from Marsh's point of view and that isn't good, for her, she hasn't changed and the one thing that brought her marriage tumbling down is still there. Tilly believes she can never love again but perhaps her heart doesn't know that.
