

## Sierras Homecoming (McKetrick Series)

When she moved to her family's ancestral ranch, single mom Sierra McKetrick was disconcerted by the Triple Ms handsome caretaker, Travis Reid. But when her son claimed to see a mysterious boy in the house, and an heirloom teapot started popping up in unexpected places, Sierra wondered if the attraction between herself and Travis might be the least of her worries. In 1919, widowed Hannah McKetrick lived at the ranch with her son and her brother-in-law, Doss. Her confused feelings for Doss and her son's health problems occupied all her thoughts until the family teapot started disappearing. Could Sierra and her ancestor, Hannah, be living parallel lives?
